What the price covers

Belt engraving is added to the belt price. Length and design work determine the charge; we confirm it before work. Other engraving services are individually quoted.

Sign design

Separate from the sign price. Includes the first rendering and one reasonable revision. Major changes are quoted. Approve the design and pay before engraving begins.

Shipping and pickup

Shipping follows the finished item: one belt $8.95; two belts $15. Charges for larger orders and signs must be established before payment. Free pickup: 9 a.m.-9 p.m. daily, after we confirm your paid order is ready.

Before engraving

Verify spelling, artwork and placement. Confirm event deadlines; same-day availability varies.
